

PMD Supreme Plus

- *100% Ceramic grain with two top coats to minimize heat generation and reduce loading*
- *Very high stock removal on Aluminum and other nonferrous metals*
- *Fast cutting and long lasting life*

GEMTEX[®]
ABRASIVES

PMD SUPREME PLUS: Innovative Ceramic Resin Fiber disc designed for Aluminum grinding applications. PMD Supreme Plus provides ultimate grinding performance in new 100% SG Ceramic grain with an anti loading agent.

- Two top coats provide cool cutting and anti-loading on soft metals to reduce heat and minimize Loading on the disc.
- Out performs standard resin fiber discs 4-1 on aluminum.
- Provides maximum productivity at a reduced cost

Available in: Resin Fiber Disc: All standard sizes and Grits
